

Memorial Bench Request

Thurston County provides an opportunity for you to add a Memorial Bench in County parks or along trail corridors. Memorial Benches are constructed of composite lumber with steel braces. The fee of \$300 covers all materials and installation of the bench, including the brass plaque.

The brass plaque measures 3 x 6 inches and can be engraved with a name and quote or phrase and will be attached to the seat back of the bench. Typical lead time for completion and installation is 2 weeks.

DEDICATED TO
CURIOUS GEORGE
"Never stop climbing!"
